Save a Wishbone and Mold a Cowboy Made of Crepe Paper

BY CAPPY DIK

Figure 1. Wrap strips around the legs, applying plenty of paste as you go. Near the point where the wishbone prongs join, wrap the paper across and around both of them to form the cowboy's hips and waist. Wrap the paper even more generously around the projection to form the chest, leaving a hole at the top where the neck will be fitted. Twist a loop of the brown paper on each side of the body to make the arms.

Use pink or peach-colored crepe paper for the head. Applying paste to the paper, mold it into a ball with a stub at the bottom (Figure 2) for the neck. Put some more paste in the neck and stuff it into the hole between the cowboy's shoulders. When the head has dried, mark the eyes, nose and mouth with pen.

Make a cowboy hat of brown crepe paper and paste it on. (Figs. 3 and 4) The cowboy's legs can be made of brown crepe paper, pasted on bare. Fringe them with scissors.

Monday. Lots more good fun for every boy and girl!

Sub-Zero Cold Wave Hits State

BY THE ASSOCIATED PRESS

Wisconsin shivered today in the icy clutch of a subzero cold wave, the severest to far this winter.

Temperatures plunged to 19 below zero this morning in Eau Claire where the mercury never reached the plus column all day Friday.

It was 23 below in the Duluth Superior area and 13 below at La Crosse. Wausau measured 11 below, Green Bay 9 below and Madison 6 below. Milwaukee was the only city in the state reporting a reading above zero — a mere one degree.

The Weather Bureau said the severe cold which invaded the state Friday was caused by a large and very cold high pressure system moving in from the Dakotas.

The high was centered over Minnesota early today and moving southeastward toward Indiana. Thermometers were expected to begin showing less chilly readings tonight and Sunday as the focus of the Arctic assault shifts to the east.

Eau Claire's highest reading Friday was six below zero. Duluth-Superior had a peak of four-below. Other highs ranged from one above in La Crosse and six at Park Falls to 13 at Green Bay, 15 at Rockford - Beloit and 16 at Milwaukee.

Park Falls received another two inches of snow Friday as the dregs of a snowstorm that whitened the entire state. Highway officials said roads were coated with slippery spots and five-year-old brother, where snow is drifting across the pavement.

Green Bay Man, UW Student, Gets Lead Opera Role

Post-Crescent Madison Bureau

MADISON — Roger Scanlan, a Green Bay native and graduate student at the University of Wisconsin, has been chosen to sing the title role of the opera "Doctor Miracle" by Bizet, to be presented throughout the state during the next two months by the UW extension division and the Opera Workshop.

The short opera is to be the curtain-raiser of a two-presentation program offered in 11 cities in Wisconsin and Iowa between Jan. 7 and Feb. 13. The second and main feature will be Henry Purcell's two-act opera, "Dido and Aeneas."

Dates on which the program will be presented in area cities are: Jan. 27, Wausau; Feb. 5, Manitowish, Feb. 6, Green Bay, Feb. 12, the Fox Valley Center and Feb. 13, Marinette.

Former Writer For P-C on Study Unit

Post-Crescent Washington Bureau

WASHINGTON — Former Post-Crescent staff writer John T. Morgan has been appointed staff director of the Democratic Study Group, a DSG of the House of Representatives, Rep. Frank Thompson Jr., D-N.J., chairman, announced Friday.

Morgan has been a staff member of the group for the past year. He came to Capitol Hill as an American political science fellow during the 1962-63 period and worked in the offices of Rep. John E. Moss, D-Calif., and Sen. Gaylord A. Nelson, D-Wis., as a part of the fellowship program.

The Democratic Study Group, made up of nearly 200 members, is an informal support office providing research and campaign material to its members and the House Democratic leadership. It also helps promote the Johnson Administration legislative program.

Small Girl State's 13th Traffic Victim

Weyauwega Man Innocent of Carburetor Theft

WAUPACA — Marvin Schoenick, 39, route 2, Weyauwega, was found innocent of a charge of petty theft Friday morning by Municipal Justice George Whalen.

Schoenick was arrested on a complaint signed by Mrs. Alfred Winters on Dec. 23. She claimed Schoenick took a carburetor off of a car on Dec. 10.

She testified she told Schoenick to see if the car had a carburetor on it and to wait for her husband to return. She said Schoenick took the carburetor valued at \$5.

She said Schoenick paid her husband a \$5 check on Dec. 28, the day Schoenick was arraigned and pleaded innocent of petty theft before Municipal Justice Whalen. Under questioning, she said she believed Schoenick intended to pay for the carburetor.

Slayton Invited to Milwaukee Ceremonies

MADISON (AP) — Gov. Warren P. Knowles has invited Wisconsin-born astronaut Donald K. (Deke) Slayton to join the activities honoring fellow astronaut James Lovell here Feb. 24.

Slayton, a native of Sparta, has been grounded by an erratic heart beat but has helped coordinate orbital flights such as Lovell's 14-day space exploration last month. Lovell, who grew up in Milwaukee, will visit his hometown Feb. 23 before ceremonies at the University of Wisconsin here the following day.

Two Injured On Waupaca County Roads

Clintonville Woman Gets Broken Nose as Car Goes Into Ditch

WAUPACA — Two people were injured in two traffic accidents Wednesday and Thursday, according to the county police.

Sandra M. Erickson, 27, 226 Bennett St., Clintonville, suffered a broken nose and cuts and bruises on her legs when the car she was driving went out of control and left U.S. 45, 3 miles south of Clintonville about 2:30 a.m. Wednesday.

She told police the car went on the east shoulder on a curve. The car went 210 feet in the ditch, knocked down a telephone pole and went another 90 feet and came to rest against another telephone pole. The 1964 model car was listed as a total loss.

Dorothy Ballard, 1936 Henry St., Neenah, suffered a bump on the head and a bruised finger in a three-car accident about 3:22 p.m. Thursday on U.S. 10, a mile west of Waupaca.

Mrs. Ballard was a passenger in a car driven by C. Kenneth Petersen, 41, 824 Berlin St. The Petersen car was passing a car driven by Bruce D. Ciura, 26, 102 W. Fulton St., Waupaca, who was attempting to turn left. The Petersen car skidded off the highway onto the Deep Rock service station platform and struck a car of Marian R. Ruch, route 1, Waupaca, which was parked at a gasoline pump.

DO MOST THIEVES BECOME CRIMINALS BY ACCIDENT?

YES ☐ NO ☐

Are safety rules enforced?

Yes ☐ No ☐

No, in many cases they are not. In one company the violation of a safety rule called for a three week lay-off without pay. Only 7 per cent of the foremen would enforce it strictly, partly because they felt that the penalty was too severe. When it was reduced, enforcement rose from 7 to 35 per cent, with some 13 per cent stalling around not doing anything. Why? Foremen fear two things: low morale and a walk-out that will cause the company to reverse their decisions.

Your Problems

Mom's Exclusion From Hockey Games Based on Odd Reasons

BY ANN LANDERS

DEAR ANN LANDERS: Hockey season is here and I need to know the answer to a question. Is my husband trying to put one over on me when he says, "You can't come to the hockey game with me because the language you hear at the

Landers

wants to marry her. They want to keep the baby. We feel the boy is no good and will leave her eventually. Then she will be stuck with a child and we will have to take care of them both. Will you please tell us what is the best thing to do?—Out Of Our Minds

Dear Out: This girl is rebellious and determined to do as she pleases. You could not control her earlier and you can't control her now. She should have had professional help years ago. Stand by and be prepared to pick up the pieces.

DEAR ANN LANDERS: We've been married six years and have four children. My wife stays up every night until 2 or 3 a.m. She says she has insomnia so she finds things to keep her busy, like sewing or ironing or looking at TV. She claims her best sleep is a nap in the afternoon while the kids nap. I get up at 7 a.m. and of course she is so beat at that hour she can't get her head off the desk. I make my own breakfast and the kids are awfully good about staying in bed until my wife gets them up. She keeps them up late so they will let her sleep in the morning.

We quarrel a lot and she complains that the romance has gone out of our marriage. She says I am cranky and I say she is lazy. What's wrong here?—Scotty

Dear Scotty: A woman who has had four babies in six years has her hands full. You can hardly call her lazy because she doesn't dance the frug at 7 a.m.

You both need to air your complaints to a third party. I recommend the clergyman who married you. When you learn what's bugging her and she learns what's bugging you, you can begin to pull together, instead of against one another.

"The Bride's Guide," Ann Landers' booklet, gives authoritative and complete information on how to plan a wedding. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35 cents in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope. (Copyright, 1966)

No Rush

South should not rush to lead the singleton heart from dummy. Instead, he should cash the top spades and ruff a spade. Only then is it time to lead a heart and take the singleton out of dummy.

If the defenders fail to lead trumps, South can make his contract by ruffing two hearts in the dummy. If they do lead trumps, South wins the second trump with dummy's king and ruffs another spade.

This sets up dummy's last spade. South ruffs one heart with dummy's last trump and cashes the good spade to get rid of his other heart.

The correct line of play gives South two chances for his contract instead of staking everything on ruffing two hearts in the dummy. Two chances are better than one.

Outagamie Board To Pick Treasurer

Village Caucus Set March 10 At Fremont

Candidates for Spring Election To Be Nominated

FREMONT — A caucus to nominate candidates for the spring election ballot will be held at the village hall at 8 p.m. March 10.

Trustees whose two-year terms expire are Allan Schafer, Edwin Rupno and Levan Toepke.

Fifty per cent of the \$1810 utility tax apportionment received by the village will go to the Wewauega School District and \$905 will be retained for village purposes.

Six Names
A letter to the village board from Del Bono, Waupaca County chairman of the Democratic Party, recommended party members eligible for appointment to the election board. Because it is the minority party, Democrats may request that an election inspector, clerk of election and ballot clerk from their party be appointed. The six names suggested by the chairman were not released.

Members of the village board and boards of the towns of Fremont and Wolf River plan to visit fire departments of the area which have recently received new fire trucks similar to the one the volunteer fire department here is planning to purchase.

During the Sunday tour they also will inquire about the way other volunteer fire departments are operated.

Teacher Hired At Bear Creek

W. C. Williams Named Director Of Band, Chorus

BEAR CREEK — Wayne C. Williams, Mount Horeb, has been hired by the board of education to teach music at the public schools.

He will be the band director, teach chorus in the high school and general music in the elementary school.

Williams is a graduate of the University of Wisconsin and has a bachelor's degree in music. He has been teaching in the Waunakee school system this semester as part of his music training and expects to begin here next week.

Reading Program A Remedial Program

A remedial reading program was also added to the curriculum this fall and is being taught by Merton Fulwiler, each Monday under state auspices. Fulwiler is a native of Almond, N.Y., and graduated from the University of Hartford after attending the University of Wisconsin and Wisconsin State University - Oshkosh.

The school board found it necessary to divide the first and second grades recently because of increased enrollment. Mrs. Mary Prunty, a former teacher of these two grades for six years, has been hired to teach second grade reading skills and county police, six by the sheriff's department, one by the state patrol and one by another police department.

There were no fatalities during the month, although 18 people were injured. Seventy vehicles were involved.

County police also made 61 traffic arrests and eight criminal arrests. The department issued 52 warnings and 32 vehicle repair tickets.

God Died in Christ, Professor Preaches

New Christian Theology Aim Of Leaders of 'Literal' Movement

By KATHRYN JOHNSON
ATLANTA, Ga. (AP) — A leader in the "God is dead" movement says he takes the phrase literally, holding that God died in Christ on the cross. "Christianity resurrected the body of Christ," said Dr. Thomas J. J. Altizer, 38, "but that which the Church knew as the resurrected body of Christ is rather the dead body of God."

Dr. Altizer, dark-haired and boyish-looking, is an instructor in liberal arts at Emory, a Methodist university. He describes himself as "an inactive Episcopalian."

His views have stirred a storm of protest in Emory circles, but Dr. Altizer is unrepentant.

Difficult Concept
He said he and other leaders of the "God is dead" movement, including William Hamilton of Colgate University and Paul Van Buren of Temple University, are simply trying "to work out a new form of Christian theology."

For non-theologians, Dr. Altizer's pronouncements may be somewhat difficult to follow.

He was asked whether he felt that the concept of God is dead. "Absolutely not," he replied. "The crucial theological significance is that God is dead, literally."

"He died in Christ, but His death has only become manifest with the collapse of Christendom. The dead God was resurrected in an alien form by Christianity. When this form of Christianity collapsed, then the reality of the death of God became manifest."

"We believe there is a whole new reality of Christian redemption now present — a new reality of Christ in the world today. This reality has to be understood in a wholly new way, and by a wholly new language."

Up to the time of the Reformation, Dr. Altizer said, "God was alive and real as our transcendent father and acted redemptively and judgmentally in history."

One Emory graduate was so upset by the disclosure of Dr. Altizer's religious radicalism that he put an advertisement in an Atlanta newspaper saying:

"If this disturbs you (God is dead) as it does me and a few other Emory alumni, write the office of the president of Emory and tell them you, like me, are not donating to the \$25-million building fund."

A university trustee, William R. Bowdoin, called Dr. Altizer "an irresponsible individual who used powerfully bad judgment" and declared "I wish he'd leave promptly."

Dr. Sanford Atwood, Emory's president, commented: "Dr. Altizer is a professor who feels he has an idea worth discussing and he has a right to do it."

Small Gain' Reported in Transit Strike

that he would "make available every resource and service on request."

This would include, the President said, low-interest loans to small businessmen, many of whom depend for their trade on subway commuters.

Commerce Suffering
Commerce throughout the city has suffered as the strike kept shoppers away from the midtown business area and forced 20 per cent of the city's labor force to miss work. Business leaders estimated the overall loss at \$100 million a day.

Many of those absent from their jobs were workers employed on piece rates. Few were being paid if they didn't show up.

Deputy Mayor Timothy Costello said the strike was being felt most in "the pockets of poverty and the ghettos."

"We are responding, but a lot of people are suffering," he said.

Many New Yorkers reacted to the crisis with resolve and good humor, enduring traffic jams and long lines at railroad stations for commuter trains unaffected by the strike.

Several devised ingenious, but lengthy, ways of getting to work. One lawyer who lives in Upper Manhattan travels to his office in Lower Manhattan and returns via car, bus, and train, crossing the Hudson River to and from New Jersey eight times each day.

Police reported crime running noticeably below normal.

Traffic Heaviest
The city traffic department said automobile traffic in Manhattan Friday was the heaviest in its history. However, it moved better than the day before, when rain helped create a near-paralyzing tieup.

A court decision on the fine against the TWU was put off until Monday.

The 1st public reports from the negotiations had the two sides \$187 million apart in demands and offers for the two-year contract beginning last Jan. 1.

The TWU is asking a four-day, 32-hour week, with a 15 per cent raise in hourly pay retroactive to Jan. 1 and another 15 per cent boost Jan. 1, 1968.

The TA has publicly offered a 3.2 per cent increase in wages, saying it will consider bigger increases in fringe benefits.

Transit workers averaged \$13 an hour under the contract which expired New Year's Day.

rection and I drew mine and walked in another."

The intruder spotted Charles and fired at him with a Luger pistol he was carrying in addition to the sawed-off shotgun.

"I ducked," Charles said. "And sneaked around a partition and came up in the front of the showroom." The policeman said he saw Jackson threatening two women employees in the cashier's office with the shotgun.

Charles said:

"He told them he was going to kill them. Both women were crying hysterically and fell to the floor. As Jackson looked up I shot him in the head."

Police Commander Frank Flanagan said Jackson recently purchased a used car from Forham and had an accident with it. He said Jackson visited the auto showroom several times in recent weeks, quarreling over repair bills and demanding his money be refunded.

"Apparently he got into an argument with somebody here and returned today with a shotgun," Flanagan said.

Besides the shotgun and pistol, Jackson wore a belt containing 25 shotgun shells and carried two plastic bags full of shells, police said.

Jackson's mother, Mrs. Charles Jackson, said her son, the eldest of six children, lived with her and worked somewhere on the North Side.

The POWER of FAITH

By WOODIE ISHMAEL

"But I say unto you which hear, love your enemies, do good to them which hate you, bless them that curse you, and pray for them which despitefully use you." St. Luke 6:27, 28.

Bob Timberlake, of the New York Giants football team, when giving an autograph always lists one of his favorite verses of scripture after his name. He got the idea from another athlete while at a Fellowship of Christian Athletes camp. Bob feels that this is one of the important ways he can give witness to his faith.

While at the University of Michigan, where he majored in sociology, he found a renewed dedication to the Christian life. Now he is taking courses at Princeton Theological Seminary when time permits; after the season he will enroll full time. He doesn't know yet just how he will use his seminary training. He says, "Someone once said a Christian never has the right to ask where he is going, and I feel this is true for me. It may be a parish in Kansas or doing Christian work in New York or missionary work. I believe God wants me to be in pro football and through this gain access to my life's work."

Bob is convinced that "dedicated intelligence" is needed to combat the cynicism in the world and he is working to that end.

Russian Roulette' Kills Companion; Youth Sentenced

GREEN BAY (AP) — Daniel A. Van Boxel, 20, was sentenced Thursday to six months in jail in connection with the shooting death of a friend with whom he was playing Russian roulette.

Van Boxel pleaded guilty to a misdemeanor charge of causing the death of Bernard Johanski, 20, by a high degree of negligence in the handling of a firearm.

An original felony charge of homicide by reckless conduct was dismissed by Brown County Judge James W. Byers on motion of the district attorney's office.

The shooting occurred May 1 in a moving car after Van Boxel, his twin brother, David, and Johanski had been drinking in a Shirley tavern for several hours.

According to a statement given to police, Daniel Van Boxel placed a .22 caliber pistol to his head and pulled the trigger but nothing happened. A second shot hit Johanski in the head.

Teen-Ager on Parole Sentenced to Prison For Anti-War Protest

PITTSBURGH (AP) — A four-year prison term has been imposed on a teen-age boy accused of taking part in an anti-war demonstration in violation of a probation order.

Thomas W. Rodd, 19, of the city's Point Breeze section, was sentenced Friday by Judge Louis Rosenberg of U. S. District Court.

Rodd was arrested last week while participating in a demonstration at the Boeing Vertol helicopter plant near Philadelphia. The plant makes helicopters used in the war in Vietnam.

In 1964, Judge Rosenberg sentenced Rodd to five years in prison for refusing to register for the draft. The sentence was suspended and Rodd was placed on probation for five years.

Dr. Harold C. Case, a minister in the Methodist Church, was the main speaker at this luncheon will be Donald N. McDowell, director, Wisconsin Department of Agriculture.

McDowell, an elder in the Westminster Presbyterian Church, Madison, is one of five in the nation serving on the USDA Task Force. He and his family are involved in the "People to People" program and have traveled extensively.

Grace Lutheran Church will be the host church for the ecumenical dinner at 6:15 p.m., followed by an ecumenical worship at 8 p.m.

"The Ecumenical Movement and the Laity" will be the title of an address by Dr. Harold C. Case, president of Boston University.

Dr. Case, a former minister in the Methodist Church, has been a member of the University Senate of the Methodist Church since 1960 and of the Department of International Affairs and Campus Christian Life of the National Council of Churches since 1955.

Medical Scholarships Given in Massachusetts

BOSTON (AP) — Scholarship awards to 655 Massachusetts students studying medicine, dentistry, and nursing have been announced by Gov. John A. Volpe. recipients must be needy, academically qualified, and have lived in the state for four years prior to the award. The grants are for the current school year.

Sato Asks U.S. To Extend Halt

TOKYO (AP) — Prime Minister Eisaku Sato was reported today to have asked the United States to extend its halt in the bombing of North Viet Nam until at least Jan. 22 to give Japan's own peace drive a chance to get off the ground.

Japanese newspapers said that Sato made the request to roving U.S. Ambassador W. Averell Harriman during their meeting Friday.

HINTS FROM Heloise

Dear Heloise:

To conserve water—whether in a water shortage area, or just trying to save water in the average home—may I tell you and your readers how we in the Navy were taught to shower, using the least amount of water?

When bathing in the shower,

Helise

turn on the water and wet the body. After wetting down, turn the water off, then put some soap on a wetted wash cloth, and bathe away.

Turn on the shower and rinse your soapy body.

Letter of Laughter 2

Dear Heloise:

A little four-year-old youngster, playing with my little daughter, remarked as he went through the kitchen, "Your mommy sure is a good, smelly cooker!"

Rozelle B. Webb

Dear Heloise:

I took a bath towel that shrunk in the band (near each end, from being in a too hot dryer), and cut it in two. Because of the shrinkage, the band formed a perfect waist-line, with the terry cloth gathered neatly below.

I trimmed off the toweling above the band (saved these pieces for polishing shoes), and hemmed the bottom (where the towel was cut in half), sewed a ribbon on the ends of the "waistband," and...

Presto—two aprons and two shoe polishing cloths from an otherwise ruined towel.

Dear Heloise:

For ready-to-bake cookies, I drop the dough onto cookie sheets and freeze them all unbaked.

After they are frozen, I remove them from the cookie sheet and store in a covered container in the freezer.

When I'm ready to bake cookies, I just take out as many or as few as I need, and I have cookies in a jiffy.

Dear Heloise:

You have stated in your column that one should never spin-dry the various "lons" and drip-drys. You are so right, as it sets the wrinkles.

And women who have wringer-type machines, should never run the "lons" or drip-drys through the wringer.

Instead, take them out of the machine and rinse them by hand, dunking rather than squeezing.

Dear Heloise:

To wind a ball of yarn (from a skein), so that the yarn end comes from the center of the ball, and the ball will not roll around while knitting, use a plastic pill bottle about three inches long with a snap-on cover!

Place end of yarn in tube, snap cover on to hold yarn end in tube. Wind the yarn around the tube until quite fat, then wind into a round ball, keeping cap exposed. Tuck final end of yarn into the ball securely remove cap from tube, and starting end of yarn may be pulled from the center.

When winding yarn from skein, if you encounter a knot in the yarn, place a different color yarn marker about a yard before the knot.

This is a sort of signal that a knot is ahead, and knitting can be gauged to place knot at nearest seam edge or other inconspicuous place.

Dear Heloise:

I have a wall phone in my kitchen—but very little space beside it for a bulletin board.

I purchased a cork hot pad (approximately nine by 12 inches) for about 50 cents.

I applied four strips of double-stick tape to the back of the cork pad, then just pressed it onto the wall beside the phone.

Map tacks are used to fasten notes to the board.

Riverside Upsets Top-Rated Lincoln

GBW, Plus and Madison East
Quintets Remain Undefeated

By THE ASSOCIATED PRESS
Milwaukee Riverside took advantage of 41 free throw opportunities to stun Wisconsin's top-ranked high school basketball team, Milwaukee Lincoln 82-67 Friday night.

Green Bay West, Madison East and Milwaukee Plus, the three teams rated immediately behind Lincoln, each remained unbeaten to set up a showdown situation in next week's poll for the No. 1 berth.

All members of the "Little Ten" escaped the night unscathed, with the top-listed small school, Alma, hurdling Pepin by 50 points.

John Johnson sank 53 points himself in leading Milwaukee Messmer over Sturtevant St. Bonaventure 87-42.

There was even a tie game Friday night when a scorekeeper discovered an error after almost every one else had gone home to leave Montello and Fardeeville deadlocked 63-63.

Riverside (6-2) led Milwaukee Lincoln (7-1) by seven points entering the final quarter, slipped behind by four, then rallied for its five-point victory. The Tigers hit 26 of their 41 foul shots to overcome a six-point deficit in field goals.

Hits 25 Points
Six-foot-five Cecil Morris sank 25 points, 12 in the final period, and pulled down 21 re-

bounds for Riverside. Teammate Greg Toran had 26 to offset the 32-point effort by Lincoln's Fred Brown.

Green Bay West (8-0) and Madison East (9-0), tied for No. 2 in the latest voting, notched relatively effortless victories to await an opportunity to gain in the next poll. Madison East knocked off Madison Central 58-40. Green Bay West trailed Oshkosh (5-4) at the end of the first period, but led the rest of the way for a 57-50 triumph.

No. 4 Milwaukee Plus (9-0) let defending state Catholic champion Milwaukee Marquette (3-6) jump to a 6-1 lead, then ran off seven straight points and never trailed again en route to a 56-39 decision.

No. 5 Monona Grove (8-1), stomped Staughton 74-48. No. 7 Portage (8-0) sank Sauk Prairie 96-73. Eighth-ranked La Crosse Central (8-1) chewed up Chipewas Falls 73-64. And No. 9 Barron (7-0) belted rugged Rice Lake 76-54.

No. 6 Appleton Xavier (8-1) and No. 10 Wisconsin Lutheran (9-0), idle Friday night, each will play tonight.

Johnson's 53 points for Milwaukee Messmer (7-2) came on 22 field goals and nine free throws. Messmer collides Sunday with Racine St. Catherine, unbeaten in the Milwaukee Catholic Conference and tied with Plus for its lead.

Falls to Fourth
Lincoln fell to fourth in the Milwaukee City Conference and

Riverside, with a 6-1 league record, could climb no higher than third. Milwaukee Washington (6-2), unbeaten in the conference, took over first by beating Milwaukee Juneau 77-55. Milwaukee Custer (8-1) moved into second at 7-1 in the conference by stopping Milwaukee West 72-67 behind Gary Jemsek's 30 points.

Green Bay West kept a one game lead in the Fox River Valley as Sheboygan South (7-1) stopped Green Bay Preble 54-51. Madison East has a 1½ game edge in the Big Eight, although second-place Racine Horlick (6-2), a 60-56 victor over Middleton 85-62. Last year's runnerup, Eau Claire Memorial (5-3), got 30 points from Bob Hall but needed three overtimes to tie La Crosse Logan 75-71. Third-place Cumberland (6-1) overcame Chetek 55-50.

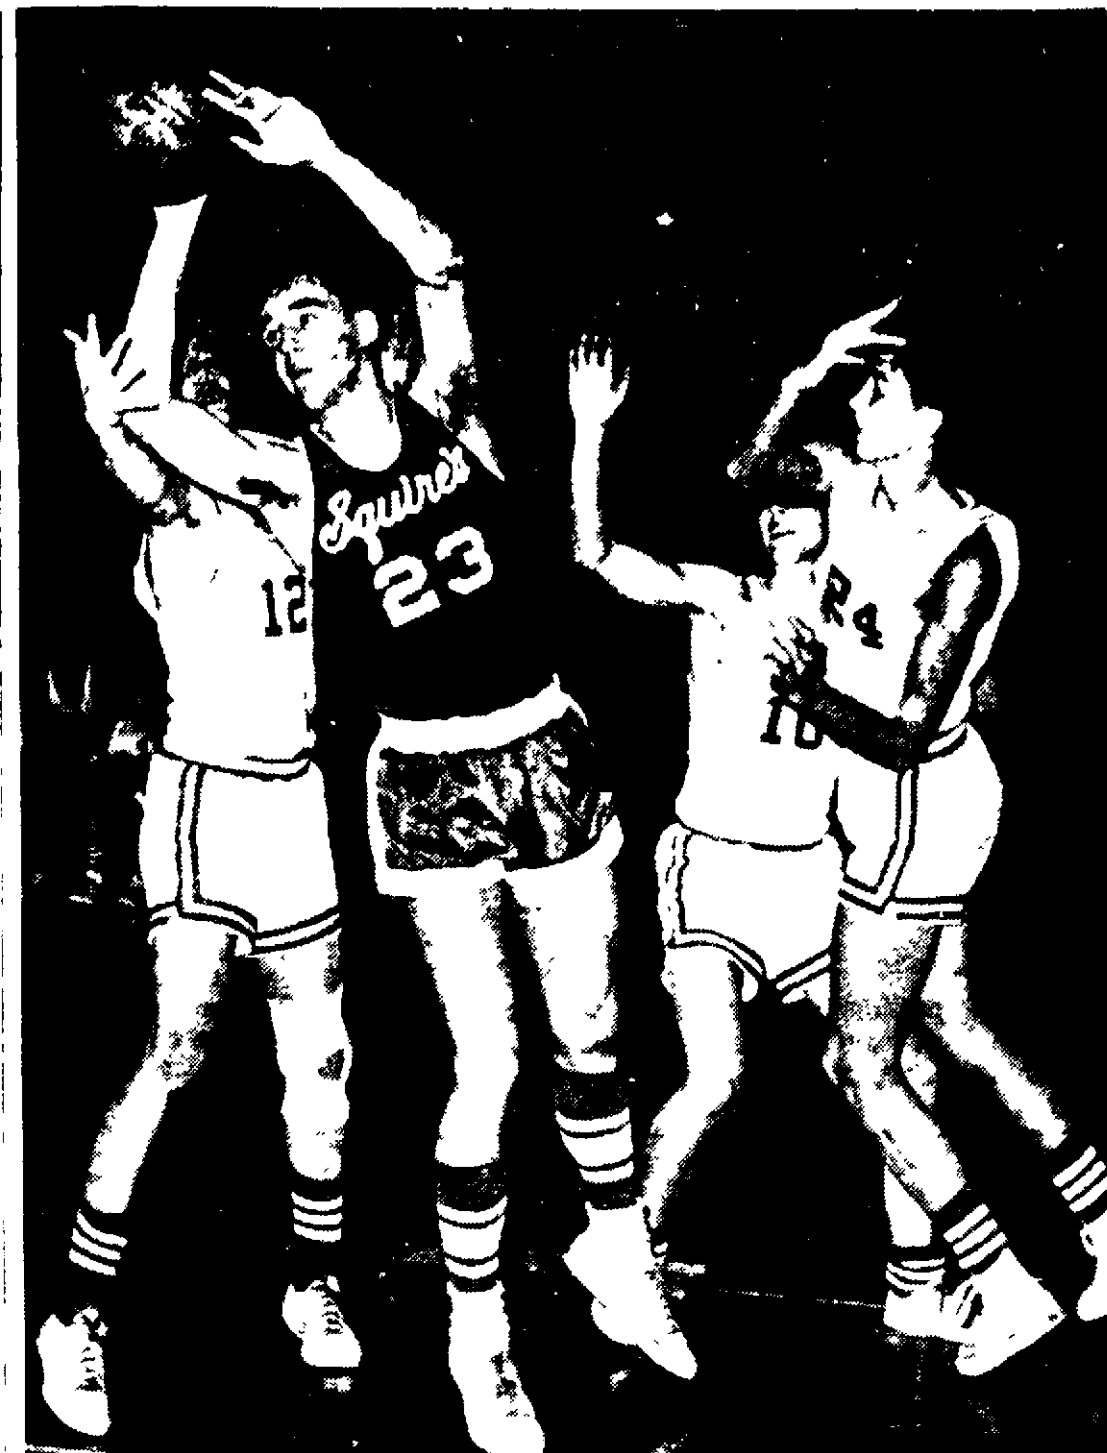

Lincoln's defeat reduced the number of major unbeaten left in the state to 10. In addition to six undefeated teams in the rating, Beaver Dam, Burlington, New Holstein and Hales Corners are also unmarked.

Hales Corners (10-0) nipped struggling New Berlin 51-58. Beaver Dam (8-0) edged West Bend 85-84. New Holstein (9-0), massacred Kohler 99-48. Burlington (7-0) stopped Mukwonago 87-59.

Among the smaller schools, top-rated Alma (9-0) rocked Pepin 86-36. No. 2 Orfordville (8-0), which had been averaging 88 points a game, survived a slowdown staged by Blanchardville to win 39-27.

No. 3 Altoona (8-0) got by Gilman 70-56. No. 4 Deerfield (9-0) downed De Forest 79-71. No. 5 Stockbridge (9-0) was idle while No. 6 Bangor (7-1), a loser early in the week, vented its anger on Gale-Eitrick 92-50.

Shohfield erased a seven-point deficit in the last three minutes to edge Marsfield 59-58 and end a 35-game losing streak in the Wisconsin Valley Conference.

Looking Toward Steelers for Position

Redskins Oust Bill McPeak

WASHINGTON (AP) — The Washington Redskins looked for a new head coach today and Bill McPeak turned his gaze toward Pittsburgh.

McPeak was fired Friday night after five years as Redskins coach. President Edward Bennett Williams said he hoped to pick a successor before the end of the month.

The 39-year-old McPeak, former all-league defensive end and assistant coach at Pittsburgh, is expected to become a candidate for the Steeler job, one of four National Football League head coaching posts now open.

Reached at Miami Beach, Fla., where he is attending an NFL meeting, Steeler owner Art Rooney said, "We haven't given any consideration to him (McPeak), but now that he is out of a job he will be considered along with many other candidates we have on our list."

Ironically, one of the names mentioned often as a possible new Pittsburgh coach is Ernie Stautner, another former Steeler star who currently is Washington's offensive line coach.

McPeak would replace Mike Nixon, the same man he succeeded in Washington at the end of the 1960 season.

Nixon was fired by the Steelers last month, shortly after Los Angeles dismissed Harland

New York and San Francisco quarterbacks who now is an assistant coach with the 49ers.

Others included former Oklahoma coach Bud Wilkinson and former Cleveland Browns coach Paul Brown.

McPeak had Washington fans buzzing with title hopes after a 6-8, third place finish in the NFL's Eastern Division in 1964.

But a five-game losing streak at the start of last season swiftly erased these hopes and apparently doomed McPeak. He rallied the team to a 6-3 record in the last nine games and finished with 6-8, identical with 1964 except that this time it was only good enough for a fourth place tie.

McPeak took over a team that had won only four games in two years in 1961 and never managed to produce a winner in five seasons.

The action by the school's athletic board was announced Friday by Williamson, the man who hired Marsh and Shaw when he became head football coach in 1949. They were retained by Milt Bruhn when he replaced Williamson in 1956.

The board, by letter, gave a vote of confidence to Bruhn, who was kept on the job for another year by the university's Board of Regents after the finish of a disastrous 2-7-1 football season. The athletic board originally voted 4-3 last fall for dismissal of Bruhn, leading to the regents' vote.

Marsh 55, who also served as Wisconsin scout, will coordinate the recruiting program in all sports in his new job. Shaw, 51, will work primarily in expansion of the funds for athletic scholarships.

Bruhn said he hoped to fill the three vacancies on his coaching staff well before the start of spring practice April 19. Backfield coach Clark Van Gaider died last fall.

Four assistants remain on Bruhn's staff. They are defensive coaches Deral Teteak and Fred Jacoby, offensive coach John Coatta, and freshman coach LaVern Van Dyke.

short jumper with seven seconds left in the first frame, gave the Rockets an 18-16 edge, but Reider's rebound shot at the buzzer knotted the count.

Jankowski Leads Way
With 6-21 Jankowski leading the way with eight points, Neenah fought its way to a 40-36 halftime lead. The Rockets, with 3-17 to intermission, held a 35-26 edge, the largest margin of the night for either team.

Kimberly tallied the first six points of the second half to take a 42-40 lead and the Papermakers eventually worked up to a 59-51 advantage with two minutes left in the third period.

Neenah caught fire, scoring five straight points to pull within three at 59-56 with a minute left.

Van Gompel Connects
Reider swished a short jump shot with 51 seconds left, but Koepke countered with a 20-footer, 17 seconds later. After an exchange of possession, Bob Van Gompel whirled and in desperation split the cords perfectly from 40 feet as the buzzer sounded, giving the Papermakers a 63-58 pad.

The furious fourth period saw a Jankowski tip-in knot the count at 67 with 5:51 to play. A pair of loose free throws, a jump by Harder and a 2-pointer by Koepke gave the Rockets a 73-67 lead with 5:06 left.

With Reider and Van Gompel carrying the full scoring load in the fourth frame, Van Gompel had 12 and "Coop" had 10 in the 8-minute span for the Papermakers. KHS regained the lead 78-77, with 2:05 to play on a Van Gompel basket.

Handler Hits Last Six
Handler, who accounted for Neenah's last six points, put the Rockets ahead at 81-80 with 40 seconds to play. Van Gompel made good on a 3-point play with 38 seconds left and then the target center outpawed the visitor by dropping a pair of free throws with nine seconds to play.

Cleone Rohloff Hits 600 'National' Set

Gains Honor
Count for
First Time

Cleone Rohloff, owner of a 156 league average, broke loose for her first national honor count in 10 years of bowling Friday night, posting an even 600 threesome in the Sabre Sisters League at Sabre Lanes.

Mrs. Rohloff, who bowls only once a week, fashioned games of 192, 203 and 205.

Entering the 10th frame of the final game, Mrs. Rohloff revealed that she was well aware a turkey (three strikes) was necessary to produce the honor set. Despite the pressure, Cleone promptly rolled three straight strikes to reach the national honor level.

The honor count was the 11th own field goal record, Nickel pulled down 27 rebounds tying the school mark in that department by a woman at Sabre Lanes this season.

2 UW Football Aides Assigned New Duties

Marsh and Shaw Taken From Grid Staff by Ivy

MADISON (AP) — Two assistant coaches at the University of Wisconsin, both with the Badgers since 1949, have been removed from the football staff.

Line coach Fred Marsh and end coach Paul Shaw will both move inside to administrative duties under Athletic Director Ivy Williamson.

The action by the school's athletic board was announced Friday by Williamson, the man who hired Marsh and Shaw when he became head football coach in 1949. They were retained by Milt Bruhn when he replaced Williamson in 1956.

The board, by letter, gave a vote of confidence to Bruhn, who was kept on the job for another year by the university's Board of Regents after the finish of a disastrous 2-7-1 football season. The athletic board originally voted 4-3 last fall for dismissal of Bruhn, leading to the regents' vote.

Winneconne Notches Fifth Straight Win as Nickel Hits 42 points

Shiocton Strategy
Nearly Successful,
But Omro Triumphs

Winneconne's Tom Nickel fired in 42 points, setting a new school record with 18 field goals, to lead the Wolves to their 17th consecutive conference win, a 78-55 triumph over Denmark.

In addition to breaking his own field goal record, Nickel pulled down 27 rebounds tying the school mark in that department by a woman at Sabre Lanes this season.

Winneconne, now leading the Little Nine with a 5-0 record, owned a 7-point advantage at the first quarter mark and increased its lead to 20 points at

halftime. Denmark cut the lead to 14 after three periods, but the winner tallied 23 fourth quarter markers to win handily. Bruce Meyer led Denmark with 13, while Don Flanagan added 16 points for Winneconne.

Near Upset
Shiocton used ball control tactics to nearly upset favored Omro, but the Foxes managed to pull out a 43-42 verdict. Usually a running team, Omro was forced to play Shiocton's deliberated style which it found not to its liking.

The Foxes led 7-5 after a stalling opening quarter, and the winners increased their margin to 23-15 at half. The Chiefs closed the gap to two points after three periods and owned a 1-point lead with about two minutes left in the game, but Omro hit the game-winning bucket with about 15 seconds remaining.

Omro's Jeff Stang, who new shares the conference scoring lead with Nickel with 147 points, banged in 22 to top all scorers. Gary Johnson's 16 and Dan Gast's 14 paced Shiocton.

Reedsville Wins
Reedsville remained tied for second place by bumping Brillion, 64-50. The Panthers led 18-10 after the first period and never trailed after that point.

Brillion narrowed the count to 53-48 early in the final period, but that was as close as the Lions could get to the winners.

Gary Pautz controlled the boards for Reedsville, pulling down 17 rebounds besides hitting 12 points. Bill Ebert took fumbled on a fair catch call by scoring honors with 19 markers. Ron Rector of Northwestern, Dennis Behnke led Brillion with and Southern Cal's Mike Gar-15, while John Haun and Gary Rector recovered on the North's 17-Grassell each dumped in 13.

Kieffer Leads Freedom
Jerry Kieffer's 27 points Wilson hit White for a touchdown from the 13. Harold Lucas of Michigan State recovered Anderson's fumble on the South's 4, and from there the North scored in eight plays. Judy's pass to Rector picking up the final 17 yards.

The South went 84 yards for go-ahead touchdown in the second quarter with Wilson passing to Anderson for the last 25 yards.

Wilson then found Anderson on a pass for the two-point conversion and the South was in front 14-7.

South made it 20-7 after stopping the North on downs on its 19-yard line. The South touchdown drive of 81 yards was climaxed by a 33-yard scoring pass from Krstynik to White.

Few Seeking Posts In Twin City Area

Neenah Mayor's Office Has One Hopeful While Menasha Has 3

NEENAH — MENASHA — have filed thus far with County Clerk Dorothy L. Propp. With just a little more than two weeks left before the deadline for filing nomination papers for the April city and county elections, the states of elective positions are far from full.

In the contests for many positions, including the mayor's berth in Neenah, only one candidate has announced. Neenah Mayor Carl Loehning announced he will not seek re-election, leaving the city's top position wide open. The only candidate to draw nomination papers to date is Rufin Skiba, an employee of Kimberly-Clark Corp. in its tissue converting department. Skiba has been affiliated with the Neenah-Menasha Labor Council and the County Democratic Party.

All Announced
Five of the Neenah aldermen come up for reelection. All five have announced they will be candidates and only one has a challenger. The contested ward is the Sixth with incumbent Howard Anson scheduled to face Jack Surges.

The four Neenah wards with only one incumbent candidate are Ward Two, William Hout, Ward Four, Wilmet Hout, Ward Eight, Donald Kuehne, and Ward 10, Harold Young.

There are three candidates for the two open Neenah school board positions: incumbents Frank N. Hochholzer and John W. Soren and challenger Eldon Froehlich.

Opposite of Neenah
In Menasha, the mayoral situation is the opposite of Neenah's. Three candidates have announced and there are rumors of others coming out before the Jan. 25 deadline for filing. Announcing by the three has necessitated a March 8 primary.

The three are incumbent Mayor John Klein, Fourth Ward Ald. Richard Heindl who is not up for re-election in his own ward and Kenneth Holmes, chief clerk for the Menasha Soo Line traffic department.

Only two of the six incumbent councilmen are unopposed. They are Donald Kuehl in the Second Ward and Ernest Koerner in the Fifth.

The other four wards have one challenger facing the incumbent alderman. In the first, incumbent Raymond Zielinski has announced as has Erwin Winarski, the third has incumbent William Zeininger slated against Gerald Wagner, the fourth incumbent Robert Probst against Clem Massey, Jr. and the sixth incumbent Louis Gammy against William Krieg.

No Seekers
One of the two open board of education posts has no seekers with incumbent Mrs. Milton Gaertner being the only announced candidate for either two year term.

County Board
No contests exist for any of the county board of supervisor posts from the cities of Neenah and Menasha and the Towns of Neenah and Menasha. But each new district has at least one candidate.

Supvs. Clarence Loehning, District 21, Charles D. Tappan, District 23 and Oliver M. Thompson, District 22 are the only candidates from Neenah to

Menasha Mishap Rate Increases During December

MENASHA — The police department reported 31 more accidents last month than in December 1964-65 compared with 35.

Most of the increase was in minor accidents with less than \$100 damage. The category of accidents jumped from 20 a year ago to 29 last month.

Police Chief Lester Clark also reported a 30 percent increase in hit and run accidents in December. Nine collisions with cars for the same month last year.

In December 1965, 20 persons were injured in 31 accidents and 25 were hurt in 35 accidents. The eight other traffic accidents are pending.

Appleton Man Faces Trial for Speeding, Disorderly Conduct

Henry J. Neenah, 40, of Appleton, is charged with speeding and disorderly conduct after a Friday afternoon accident on the highway.

County Judge Eugene Keller set bond at \$500 and a hearing for Feb. 9.

Neenah was arrested Dec. 24 by Appleton police who charged him with speeding 40 miles per hour in a 25 mile zone on Memorial Drive.

He also is charged with disorderly conduct after authorizing the use of abusive language over a telephone effective July 1. Mayor will be in disturbing and annoying a police officer.

The other candidates, all incumbents are Dan J. Luebke, District 27, Alvin Staffeldt in District 24, George Christoph in District 20, Ray Gischia in District 26 and Robert Skalmoski in District 25.

Supvs. Duane Sweet and Adolph Hennig have not yet secured nomination papers for the county board. Sweet now resides in District 23 and Hennig in District 21.

Menasha Candidates
Each of the Menasha incumbents is seeking reelection. Already filed are the nomination papers for Supvs. Henry Janowski of the First District, Alfred Becher, Second District and John Pawlowski, Third District.

Papers are being circulated for Supvs. R. M. Sensenbrenner for the Third District, Arthur J. Ales for the Fourth District and Carl Steffen for the Sixth District.

Supv. Laurel Heaney is the only candidate for the Town of Neenah which is now District 9.

Town of Menasha has two districts, 7 and 8 and Supv. Roland Kamp and Carl J. DeLapp are the only two candidates for the two districts to be filled in the town at large.

Police Chief Lists Driving Tips for Slippery Roads

MENASHA — With the advent of real winter temperatures, Police Chief Lester Clark issued a series of tips for drivers which will help them drive safely on icy and snowy roads.

—Check weather reports and adjust driving schedules to allow for reduced speeds on slippery streets or highways.

—Allow considerably more distance between cars in traffic.

—Use snow tires and carry reinforced tire chains for severe conditions.

—Pump brakes when stopping to prevent the wheels from locking and skidding.

—Use a brush and scraper to clear not only from all the windows but also the headlights, tail lights and directional signals.

—Current defects in the car, equipment that caused trouble in the past, before on slippery roads.

County Agent Says

Educational Programs Planned For Agricultural Interests, Needs

BY V. W. PEROUTKY
Winnebago County Agent

Several educational programs geared to the agricultural interests and needs of local people are scheduled for the winter months.

Of special concern to dairy farmers is a farm building and material handling workshop to be covered by four meetings groups Omro, Winneconne, Neenah and Menasha business men and service clubs will be given proposed dates for rural urban programs for joint sponsorship, should they continue these projects as they have in recent years.

V. W. Peroutky
Farmer participants Thursday, will see and hear about ideas on Modern Farmstead Wiring at 11:00 a.m. we'll meet at the Alfred Devens farm, at the intersection of county trunk T and Brooks Road, Vinland township, about six miles north west of Oshkosh. We'll then adjourn to the Court House Lounge Room.

Tour and meeting speakers will be Lynn Brooks, Extension Engineer, University of Wisconsin and Gene Ramaker, Farm Adviser, Wisconsin Public Service.

Tuesday, January 18, 1:15 p.m., is the second meeting to be held at the Court House. Ed Bruns, Extension Engineer, U of W, will discuss and use slides to illustrate dairy cattle housing facilities.

February 1 at the Court House, at 1:15 p.m. the third meeting will be an actual demonstration of a farmer making application for both short term, and long term farm credit. A member of the Winnebago County Bankers Association, and various other farm loan agencies of the county will participate.

The last meeting Thursday, Feb. 10 will be preceded with an 11:00 a.m. tour in the new free stall farm milking parlor and cistern disposal system on the Norman and Marvin Potratz farm. The farm is six miles south of Oshkosh on U.S. 41.

Brunts will continue the meeting in the afternoon at the Court House. Ramaker will share in the meeting.

Noon lunch arrangements are being developed on the two tour dates.

Chemicals in the home and on the farm will get emphasis this year. A training session for Extension agents and those in the sales and service business is planned for January 5 & 6 at Madison.

Dealers in garden chemicals are encouraged to attend a special session in Green Bay Jan. 18. A Public Affairs and five grandchildren.

session, formerly Farm & Home Week at the U of W is Jan. 25 according to his production history. He would receive a higher price for his base milk and a lower price for the amount produced over that base. The pricing program would be devised so as to discourage production over one's base, according to its advocates.

Whether or not the class I base plan goes into effect in a federal order market will be determined by producers. They may petition the Secretary of Agriculture, asking that he amend the order to allow the use of bases. The base program would become operative when two-thirds of the producers in a given order vote in favor of the plan. Producers in each of the some 86 federal orders could decide whether they want this plan in their individual order.

Block voting by cooperatives boards of directors would not be allowed. Producers under the order would vote individually.

The objectives of the class I base plan are to: (1) Increase prices to producers for that share or quota of the milk that goes into class I use; (2) reduce surplus milk production in federal order markets; and, (3) reduce government costs.

Some unknowns about the program include these: Would the class I base plan serve as a barrier restricting outside milk? How would new producers obtain a base to get on a federal order market? Will the shrink in production come in the midwest or in federal order markets throughout other parts of the country? Will bases leave Wisconsin?

No one can answer these questions with certainty until the program is tried. It be hooves dairymen in Winnebago county and elsewhere to watch this program carefully once a given federal order market tries out this plan. Wisconsin is now the possessor of 15 per cent of the nation's dairy production. Wisconsin has the most to lose if the plan should work adverse to it.

State to Make Application for Airport Aids

Winnebago Seeking Funds to Expand North-South Runway

OSHKOSH — Winnebago County's application for federal aid for expansion of the north-south runway will be made by the State Aeronautics Commission "in a few days," aviation committee members were advised Friday night.

County Board Chairman Joseph Drexler who serves as aviation committee secretary, said he had been advised of this by Joseph M. Abernathy, chief engineer for the State Aeronautics Commission at the State Highway 26 hearing Thursday.

A letter from Abernathy to the Federal Aviation Agency office at Minneapolis indicating the previous projects had been completed so that a final accounting could be made of the cost was read to the committee. These projects were the east-west runway and taxiway projects.

Review Lease

Committee members also reviewed the proposed lease with Kimberly-Clark Corp. for the hangar now used by the firm. The present lease expires Jan. 31. The lease now will be presented to the paper company for its approval and then to the county board for adoption at the Jan. 18 meeting.

Referred to Dist. Atty. Gerald Engeldinger was a letter from Thern Associates Inc. Oshkosh asking payment of \$237.56 for damage to the propeller of its airplane. The firm contended the propeller was damaged by loose gravel on the taxiway apron.

The letter said the firm had pointed out this gravel condition before to the aviation committee and said apparently nothing had been done.

Supv. E. G. Steinhilber, Oshkosh, said the firm pays nothing to the county such as landing fees and rent. He wondered where the county would have any liability in this instance.

Supv. Floyd Shurbert, Town of Algoma commented that there was no proof that the propeller damage occurred at this airport.

Airport Manager Steve Wittman said the area involved had been given new seal coating but that only screenings were used and not the half inch to inch size stones. Thern Associates said were on the surface.

Wittman said it would be nice to have concrete aprons and taxiways but such paving is more expensive and the county has to live within its budget.

Don't Gun Engines
Wittman added "when you know the stones are there, you do not turn your engines up."

He said Thern Associates rents hangar space from Basler Flight Service so that the county indirectly does receive rent from the company.

Supv. Alvin Staffeldt, Neenah committee chairman, said the committee should take a look at that area.

Wittman said he thought the area involved had been swept after the seal coating was applied to remove any loose gravel.

'It Can Be Done in Menasha'

MBA Bulletin Backs Redevelopment Work

MENASHA — The January Redevelopment Authority: "It Can Be Done in Menasha" bulletin of the Menasha Business Associates (MBA) struck a chord for the new year asking that everybody in the city adopt the motto of the Menasha bulletin encouraged all the downtown retailers to get behind the redevelopment effort.

When a group of industrialists and professional men, as busy as they are in their own walks of life, concern themselves with the welfare of Menasha and particularly downtown Menasha, it surely behooves every MBA member and every Menasha businessman to look at the bright side of life and put his shoulder to the wheel and push for a better Menasha.

IT CAN BE DONE, the editorial said. Address Group

Two leaders of the Menasha Redevelopment movement, Ralph McClone and Mayor John Klein will address MBA at 5:30 p.m. Tuesday in the Valley Coffee Shop.

Konrad cited the general success of the 1965 downtown business promotions despite some dissatisfaction over the Christmas parade and called for similar activities in 1966. All of them attracted more people to Menasha, he said.

McClone will speak on the origin of the committee, its future plans and will discuss ways which businessmen can play a part in getting it done.

A luncheon agenda will be an up-to-date financial report by Marguerite Van Corp.

Discussion also will be held in regard to a 1966 budget and promotion and election will be made of committee chairman and members.

Historical Society Will Hear Review of Book at Neenah Parley

NEENAH — The Neenah Historical Society will meet at 7:30 p.m. Tuesday at the Neenah Parley.

The speaker will be R. Don DeLoe, a Neenah resident, who will review the book "The Neenah Parley" by R. Don DeLoe.

The entrance fee is \$1 and includes the 30-hour classroom program and the hearing the when the program is being offered by the Menasha Vocational and Adult School.
